## TRACK FITTINGS

Perfectly suited to larger doors where greater stability is provided through the addition of horizontal tracks to hold the door in the open position so as to minimise protrusion outside the opening.

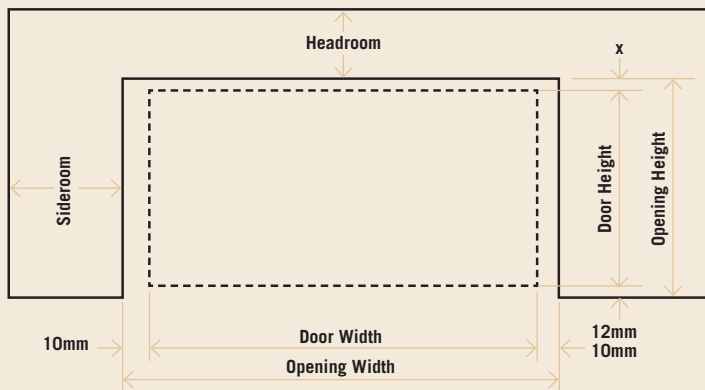

## TILT FITTINGS FEATURES

- New spring restraint feature to ensure that spring movement is contained, and eliminates the possibility of spring separation from the fitting.
- Zinc plated fittings offer greater durability, strength and resistance to corrosion.

- Springs designed to provide optimum performance throughout the working life of the fittings.
- Minimal installation clearances required giving the fittings and jamb the ability to fit where some other garage doors will not.
- Supplied with weatherstrip for fitting to the door panel to help restrict entry of water and leaves.
- Strengthened bearing design for greater durability over the life of the fittings.
- Robust anti-sway bracket to limit the degree of lateral movement.
- Available in a number of configurations to suit both single and double width openings.

| TRACK FITTINGS   |              |              |              |              |              |
|--|--------------|--------------|--------------|--------------|--------------|
|  | 50-T         | 70-T         | 100-T        | 120-T        | 175-T        |

THERE'S SO MUCH MORE BEHIND A B&D DOOR

B&D Doors has offices servicing all states.  
For more details on this product or our other ranges,  
call **13 62 63** or visit **www.bnd.com.au**

- For areas within one kilometre of a corrosive environment e.g. salt air or industrial fallout, special care and maintenance are generally required for metal products. Consult B&D or your B&D Accredited Dealer for advice.
- The company reserves the right to make changes or improvements to the products or accessories without notice and without incurring any obligation to make similar changes or improvements to goods previously ordered. Specifications subject to change without notice.
- Prefixed Trademarks are trademarks of B&D Australia Pty Ltd.
- B&D products have many patents and registered designs applicable.
- Details correct at date of publication.
- \* Please note that B&D provide the tilt door fittings only, not the actual door panel.
- † Tilt-A-Dor® fittings, in normal residential use are covered by a two year warranty for all components and labour conditional on care and servicing as recommended in the door's handbook. Full details of the warranty are available, on request, from your nearest B&D office.
- ‡ Depends on mounting hole used.
